Subject: GP entry guide

Dear Colleague,

Please ignore this email if you have already seen it. I was wondering whether you would be kind enough to forward this email to your FY2 doctors and any SHOs who may be interested in applying to GP training this year (also if you know of any postgrad depts I would be grateful if you could pass this email on).

For the last 4 years, we have written a guide about our experiences of getting into GP ST1 training which has been downloaded by over 3000 applicants each year. The feedback we have received has always been very positive.

We have now updated the guide for 2014 entry which now includes contributions from last year's entrants. **This guide is absolutely free and is a not-for-profit venture.** As a result we do not have an advertising budget so we would appreciate greatly if you could help us out.

The guide can be downloaded from <http://www.gpreruitment.info>

Kind regards,

Dr Sarah Cooper

P.S. Please note we are not associated with the National Recruitment Office for GP training
